STUDENT ORIENTATION PROGRAMME

December 22, 2025

Academic Campus

INTRODUCTION

Kanyashree University is founded on the principles of women's empowerment, social inclusion, and transformative education. As the second women's university in West Bengal, the institution recognises its students not merely as learners, but as active participants in shaping a more just, equitable, and socially responsive future. The University seeks to nurture intellectual curiosity, critical thinking, and ethical responsibility, while providing a supportive academic environment that respects diversity, dignity, and collective growth.

The Student Orientation Programme is designed as an entry point into this shared academic and institutional journey. It aims to familiarise students with the values, expectations, and learning culture of the University, while also offering clarity on academic processes, support systems, and opportunities for holistic development. More importantly, the programme encourages students to view higher education not only as a pathway to degrees and careers but also as a space for self-discovery, dialogue, and social engagement.

Aligned with the Hon'ble Vice-Chancellor's vision of building a vibrant, inclusive, and student-centred university, the orientation seeks to foster a sense of belonging and confidence among students as they begin their academic life at Kanyashree University. Through interaction, guidance, and reflection, the programme invites students to take ownership of their learning, uphold institutional values, and contribute meaningfully to the University community.

It is in this spirit of welcome, responsibility, and shared purpose that we warmly invite you to the Student Orientation Programme and to your journey at Kanyashree University.
